

## The Communicator Surgical Mask with a Clear Window Model FM86000

This Patented, FDA-registered device meets ASTM Level 1 surgical mask standards with the added benefit of a fog-resistant clear window for improved communication. Supported by Interpreters, Doctors, Nurses, Dentists, Hygienists, Orthodontists, and other Health Professionals seeking clearer communication and protection.

Designed for use in operating rooms to protect both patient and healthcare workers from the transfer of microorganisms, body fluids, and particulate materials.

### Indications for Use

The Communicator Surgical Facemask with Clear Window, FM86000, is a single-use disposable intended to be worn in the operating room as well as dental, isolation, and other medical procedures to protect both the patient and healthcare personnel from transfer of microorganisms, body fluids, and particulate material.

*Available exclusively from Safe 'N' Clear Inc.*
